I've dealt with Ivan and his team at Whistle Clean for about 3 years now and I can't recommend them enough! He is prompt with replying to any and all requests, nothing is too hard. During Covid his team were fantastic is adapting to our changing schedules when we had to shut the office and helped us return to full time work with beautiful sparkling clean offices. I don't even think I entertain the idea of going with a different company when free quotes elsewhere are offered!

We've been using Whistle Clean for around 18 months now. Unfortunately Covid derailed things a little but during that time Whistle Clean were completely understanding and it was not an issue to cease our cleaning for nearly 9 months. During the time they were cleaning for us their professionalism and approach was customised to our needs and once again very accommodating. We like their green and safe approach with products. All in all extremely happy with the service we've received and the job they've been doing.
